Section D – Other Community Activities

Please indicate if you are active in other community groups or coalitions (i.e. Women’s Organizations, Council of Canadians, Senior’s Network, etc.)

Section E – Political Activities

Are you involved in political activities locally, provincially or federally?

Section F – Practice reading the “Collective Agreement”

This is not a test - the following questions are intended for you (the potential steward) to gain a better understanding of the collective agreement and experience looking up articles of interest. As a new steward you are not expected to know the collective agreement inside and out. You will be put through a training course and supported by the local executive and steward team.

Questions:

1. How can you use Article 5.01(Facilities) to prevent employers from making special sweetheart deals with individuals?

2. What is the relationship between the size of the Local and the number of stewards you can have?

3. Can a chief shop steward accompany a steward who wants help in presenting a grievance?

4. Is there a time limit between Step 1 and Step 2 of the grievance procedure?

Answers to these questions can be found in you Collective Agreement – Look in the sections between articles 5.01 and Article 9.04.

A copy of the Collective Agreement can be found on the HEU’s website, your locals website or pick up a printed copy at your local union office.
